

Dear Donation Committee,

Washington High School is one of the oldest schools in the MPS system. Throughout our history we have educated some of Milwaukee's best and brightest. Since 1962 the Annual Washington High School Luncheon has been the catalyst to help raise scholarship monies to assist our students to go on to higher education. With each passing year we are seeing an increase in the need of our graduates and we are reaching out to you for your assistance through a donation to our raffle/silent auction held at our Annual Luncheon.

The funds rose from your company's donation of a raffle or silent auction item helps generate the scholarship monies that are so desperately needed by these deserving students. We would like to offer more funds to these students as the cost of education continues to escalate. Your donation will be marketed in our ad booklet that is produced and given to over 200 WHS alumni who attend the event and mailed to those who are unable to attend. Our alumnus comprises the classes of 1915 to present. You may also send marketing materials which will be displayed at the event which is held at Brynwood Country Club, May 8, 2010.

Milwaukee Washington High School has had stellar successes in technology with its students. It now hosts the School of Law, the School of Education and Public Service, the School for Expeditionary Learning, as well as the School of Information Technology. The Washington High School Alumni Foundation wants to assist our students with putting into practice the skills they attain in high school through furthering their educations with a scholarship. With your assistance we can continue with this proud tradition.

We humbly thank you for your support and consideration. If you have any questions feel free to connect with me by phone at 414-326-5077 or by email at [catrina@renewthevalley.org](mailto:catrina@renewthevalley.org)

Respectfully Yours,

The WHS Luncheon Committee
